

EXTENSION SERVICES MANAGER

Reporting to the Head of Agricultural Services of the Fiji Sugar Corporation (FSC), the **Extension Services Manager** will oversee the development and execution of extension services for growers and management of FSC Field teams, driving process improvements to assist growers effectively to increase crop and yield.

The successful candidate is expected to:

- Ensure accurate projection of Cane availability to meet current and future Mill requirements.
- Offer effective extension services and ensure that Growers follow the recommended agronomic Sugar Cane Management Practices.
- Maintain accurate and reliable Farmers and Farm records.
- Liaise with Head of Harvesting and Logistics to plan for harvesting.
- Annually conduct Cane census.
- Design, implement and manage an upgraded grower information system to record at farm level, field and crop data, crop potential and grower performance.
- Knowledge of GIS application and precise farming techniques also an advantage.

The successful Candidate should possess the following:

- Bachelor of Science Degree in Agriculture/Farm Management/Extension from a recognised Institution.
- Post graduate Training in Extension Management would be an added advantage.
- 10 Year's Work experience in a similar field, preferably in a Sugar Industry.
- Strong Interpersonal, Leadership and Communication Skills
- Ability to use ERP (Agriculture Management System).

Applications for the above Position to be submitted by the 15th of March 2019, together with a detailed CV and supporting references/Referee Names, and addressed to:
