

MEDIA RELEASE

13 December 2018

UPDATE ON FSC'S LABASA MILL

The Labasa Mill officially closed and ceasing crushing today for the 2018 season.

Mill Manger Michael Faktaufon tipped the last cane truck at around 2pm today. Labasa was the first mill to commence crushing this year in June and has now concluded its crushing for the 2018 season.

An update on all the three mills will be issued towards the end of next week, after FSC's two remaining mills conclude their season's crushing.
